

# HARI BOL

By reciting one Hare Krishna mantra a child is chosen to be the leader of the game. That child chooses a pastime and says, for example, to the other children, "Let's pretend that we are ... the Trinavarta demon taking away Krishna.

"Each child then acts out that pastime. When the leader claps his hands and says "Hari Bol!" all the children freeze and the leader judges which one acted out the best. That child becomes the next leader.
